Maritime Career Talk: Seagoing Engineering Stream

Date / Time: 25 January 2022 (Tuesday) / 6:00pm – 8:00pm

Location: Online; or physical participation at Merchant Navy Officers Club, 11/F, Alliance Building, 130-136, Connaught Road C., Sheung Wan, Hong Kong (subject to the COVID-19 measures)

Programme Highlights:

Have you thought of choosing merchant navy as your profession? The main transport mode for global trade is ocean shipping. Around 70% of traded goods in value are carried over the waves. It is not a career only for those who have studied on nautical science, but for engineering students as well. Being an engineer on seagoing ships may give you a completely different exposure to the world, extensive practical hands-on experience on machinery with know-how, work in multicultural environment with international crew, straightforward career path, etc.

However, job opportunity in the maritime sector is wider than just seagoing career, marine engineers are also needed in many shore facilities and organisation, such as ship management companies, classification societies, consultancy firms, engines and machinery suppliers/ servicing stations, shipyards and government organisation.

This career talk will provide an overview of the maritime industry in Hong Kong, possible career paths for Mechanical Engineering students, paths to obtain professional status, and sharing from experienced seagoing engineers and maritime professionals.

Language: The presentation will be mainly delivered in Cantonese; the Q&A could be in English or Putonghua.

Registration:

For registration, please fill in the google form: <https://forms.gle/emRbKAHMgMykPyXeA>. For queries, please contact HKIMT Honorary Secretary at secretary01@hkimt.org.hk.
